What our landlords & tenants say about us.....

Jenny Vrtaric -

I have just started working with Area Specialist on my first Investment Property. Deb has been absolutely awesome and available to me and my property manager Natasha has already engaged Tenants for my property. They have been professional, efficient and responsive. Everything has been done promptly and well and I am confident they will manage my property well. Great experience!

Nick Moutos

Professional, attentive and acting with a sense of urgency comes to mind.

Their approach to managing my property reassures me that everything is 100% okay.

The team are also a joy to speak to, with regular and constant communication.

I highly recommend them.

5* from our first enquiry all the way through to the end! It's stressful as a renter in the current market so to encounter a team who demonstrate genuine care is priceless! They kept in touch, they followed up, they were up front and honest. EXCELLENT communicators and GENUINE professionals. If I were a home owner, I would be wanting this team to look after my asset AND tenants!!

Natasha has been managing my rental property for a couple of years now. She has always been providing an excellent service as well as giving sound advice on matters. Happy to recommend her and Area Specialist Bayside for management of rental properties.

We had a fantastic experience with Area Specialist Bayside! Debbie, our trusted property manager in Bayside Brisbane, played a key role in delivering excellent service. She is professional, communicates effectively, and genuinely listens to both us and our client's needs.

We are delighted with the service provided and highly recommend Debbie and the team. Thank you, Area Specialist Bayside, for your outstanding support!

V Holmes

My family and I were tenants of Area Specialist Bayside for just shy of 17 months.

In that time frame the owner decided to sell and I was also going through a high risk pregnancy resulting in an early C-section.

Debbie, Ryan and Natasha were absolutely amazing during this time for us. Advocating for us with the owner to hold off on open homes until I had recovered and also negotiated an additional 6 months on our lease so I wouldn't have to worry about moving with newborn twins.

In all other aspects - inspections, maintenance, rental payments and open homes etc, they have all been nothing short of a pleasure to deal with.

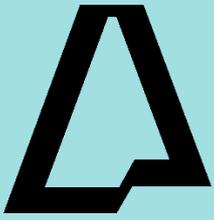

If you're looking for an agency that looks after both owners and tenants, actively builds a meaningful rapport with clients and strives to maintain consistency and reliability across all aspects of property management - I cannot recommend them high enough.

Lisa Beresforn

We have had the pleasure of letting the Area Specialist Bayside manage our rental property for over 2 years. We don't live in the area and because of their support and fantastic communication, we rented the property stress free. We were so impressed with their service, that when we decided to sell we had no hesitation, we knew we would sell through the Bayside Area Specialist, no need to shop around. I would highly recommend the Bayside Area Specialist to anyone thinking to rent or sell their property.
